

► **LOCATION**

The workshop will be held at the Kentucky Geological Survey and W.T. Young Library, University of Kentucky campus, Lexington, KY (859-257-5500) (map below)

► **PARKING:**

Please park in the parking lot directly behind the Mining & Mineral Resources Building. You will receive a paid hangtag upon entering (do not park in a metered spot). Entrance is off Columbia Avenue.

► **REGISTRATION AND FEES**

Please note that advanced registration is necessary to adequately plan the catered lunch, and will begin now and end July 20th. **Registration is limited to 24 TOTAL.** The cost is \$155.00 for 2 day workshop. Please complete the enclosed registration form and return it with a total of \$155.00 (U.S.) to the address listed. Please make checks payable to: **“University of Kentucky.”** The registration fee covers the entire cost of the ESRI manuals, the workshop materials, continental breakfast, morning and afternoon coffee breaks and lunch.

► **PROFESSIONAL DEVELOPMENT HOURS (PDH)**

PTTC will award 12 PDH credits upon completion of this workshop.

INTRO TO ARCGIS, JULY 27-28, 2006

Introduction to ArcGIS® Geographic Information System Software

July 27-28, 2006
W.T. Young Library,
University of Kentucky

Lexington, KY

Host
PTTC Appalachian Region
Kentucky Geological Survey
University of Kentucky

PTTC gratefully acknowledges that its primary funding comes through the U.S. Department of Energy’s (DOE) Office of Fossil Energy through the National Energy Technology Lab (NETL).

► **WORKSHOP SCOPE**

This 2-day workshop will provide a hands-on introduction to ArcGIS® geographic information system (GIS) software, a product of ESRI (<http://www.esri.com>). ArcGIS is the successor to ArcView GIS software, and is a comprehensive package of mapping software and spatial database tools. ArcGIS is used for mapping and analysis of any spatial data and is well-suited for a variety of oil and gas related applications. The workshop will be held in the computer training facility of the W.T. Young Library (room B108) on the University of Kentucky campus. The workshop will be taught by Matt Crawford of the Kentucky Geological Survey, an ESRI-certified instructor. In addition to the ESRI course work, Brandon Nuttall will present exercises involving oil and gas GIS data. Participants will receive a lecture manual and an exercise training manual (with CD-ROM) published by ESRI. An ESRI certificate of completion and 12 professional development hours (PDH) will be awarded upon completion.

► **INSTRUCTORS**

Matt Crawford, KGS, ESRI-certified instructor; and Brandon Nuttall, Energy & Minerals Section, KGS

► **WHO SHOULD ATTEND**

This course covers fundamental GIS concepts as well as how to query a GIS database, manipulate tabular data, edit spatial and attribute data, and present data clearly and efficiently using maps and charts. Participants learn how to use ArcMap™, ArcCatalog™, and ArcToolbox™ and explore how these applications work together to provide a complete GIS software solution.

This course is for those who are new to ArcGIS and new to geographic information systems in general. Participants should know how to use windowing software.

► **ACCOMMODATION REQUESTS**

Persons needing a disability-related accommodation to participate in this workshop should contact Geaunita Caylor at (859) 257-2820 or via email at: gcaylor@engr.uky.edu
